Hi Rusty –

As I mentioned in the morning meeting, a citizen from Arizona named Jacob Sturby (sp?) called and expressed his opinion regarding water resources and a news article about a mine development project in his region (I'm assuming it's Rosemont; he didn't mention the project/company by name).

He was trying to reach Rob Leidy to talk with him about it. Not sure if this is an official public comment that should be logged with the Forest Service, but I figured you, Rob or Margot could help point him in the right direction.

His number is: 5 [REDACTED] B6

Thanks-
Kelly
